

About Ginkgo Management Consulting

Founded in 2006, Ginkgo Management Consulting is an independent strategy consultancy specializing in complex digitization projects. The consulting spectrum includes the management and implementation of digital and other comprehensive transformation projects, as well as classic CIO consulting services. Ginkgo's global clients include renowned Fortune 500, DAX and medium-sized companies as well as hidden champions. The subsidiaries Ginkgo Analytics and Ginkgo Cybersecurity complement the service portfolio in order to be able to realize digitization holistically for companies under the motto "Getting Digital Done".

Since 2021, Ginkgo, together with the AWK Group, one of the largest independent Swiss consulting companies, and the Dutch Quint Group, has formed a powerful international consulting group with almost 900 employees for digital transformation.
